OUR AIMS

- SRQ aims to have kids read more often and create consistent habits.
- SRQ aims to increase the amount families visiting local and other libraries.
- SRQ aims to broaden comfort zones of participants with different activities, formats and genres.
- SRQ aims to improve participants' overall enjoyment of reading.

YOUR COMMITMENT

By registering you agree to:

- Promote SRQ
- Track the number of booklets given out and report this back at the end of the SRQ
- Assist children with entering their statistics, if needed
- Fill out the feedback stakeholder survey
- Let the SRQ team know of issues promptly so we can support you and work to solve the problem

A NOTE ON THE PROGRAM

This is the third and final pilot year for Summer Reading Quest. We have built on the feedback and suggestions that we received on the program in 2022 & 2021. Thank you to all that gave feedback. SRQ is created on through a modest budget, staff volunteering their time, and donated prizes, with the aim to create a summer literacy activity for libraries by library professionals. We will provide you collateral and support but the success of the program at your library depends on you, your commitment, and your enthusiasm! If there are any issues get in touch asap: we appreciate your feedback, and hope to roll out a sustainable, long-lasting program for 2024/25 ... and beyond!
